

THE CREATOR'S GALAXY

GALAXY

Problem

Creators don't get **enough** for what they **do**. Existing platforms like Facebook, YouTube and TikTok stand in the way of creator's maximizing the true potential of their fanbase.

Creator Economy

Galaxy empowers creators & influencers with **decentralized** tools for creating their own personal (social/community) tokens, enabling them to truly own and control the connection with their fans.

How It Works:

1

Launch Your
Token

2

Setup Your
Perks

3

Monetize Your
Community

Core Features

Galaxy empowers creators & influencers with decentralized tools for creating their own personal (social/community) tokens, enabling them to truly own and control the connection with their fans.

Creator token cards are the *all-access pass* to a Creator. They can hold:

- Creator Tokens
- Fan Club Subscriptions
- Special Perks
- Exclusive Content
- & More

*Additional features include drop-in live audio chats and Galaxy Stories to share video, audio, images, & text for 24 hours.

Token System

Creator Token

- Represents a share or stake within a community
- Used to interact and engage with creators
- Creators control engagement & monetization with their communities

Token System

Coming Soon

Galaxy Cash

- Native protocol token
- Potentially used as a fee for the application
- Potentially used for governance of the Galaxy platform

Starting Roster

G O - T O - M A R K E T

+

70+ additional influencers
with a combined
community reach of:

85+ Million Fans

...across traditional social
media platforms.

"Game Changer."

"Galaxy app is a game changer. Everything I need to give back and interact with my fans is finally all in one place. Galaxy makes it all super easy."

- Ezekiel Elliott, #21 RB - Dallas Cowboys
