WHY NOW

Video is **everywhere**.

B2C

B2B

WHY NOW

Every department needs
to communicate to very
different audiences.

Social Media → Fans & Followers

Marketing → Prospects

Corporate Comms → Stakeholders

Internal Comms → Employees

Human Resources → Candidates

Support → Clients

THE PROBLEM

Video creation is painful and companies are left with **only two bad options.**

1. Outsourcing to agencies:

Expensive

Lack of autonomy

Time-consuming

Complex process

Not fit for enterprise clients

2. Trying DIY video maker tools:

Focused on prosumers

No support

No branding

No collaboration & control

Complicated UX

No B2B templates

Not fit for enterprise clients

OUR SOLUTION

PlayPlay, the video communication platform for the Enterprise.

Simple

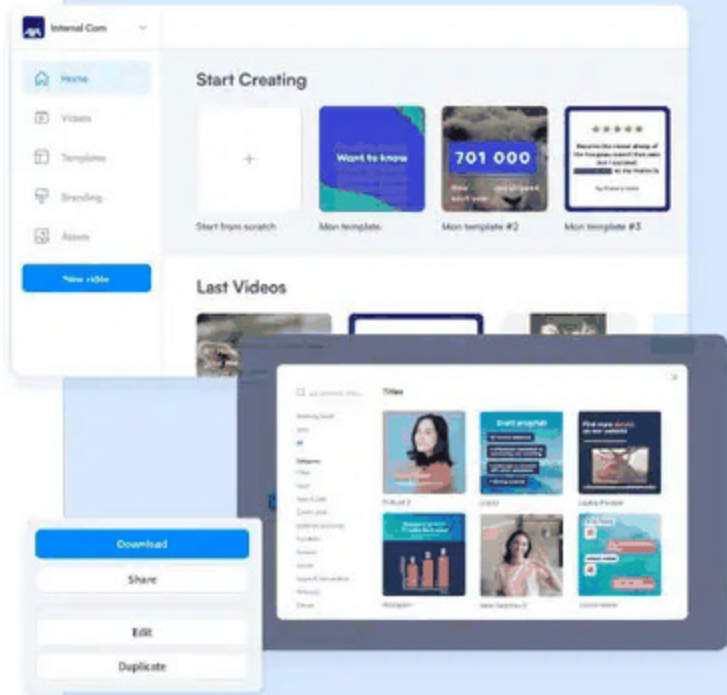

Highest quality

Enterprise-ready

OUR SOLUTION - SIMPLE

The simplest & fastest product on the market.

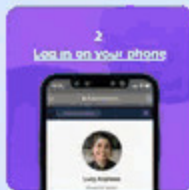

OUR SOLUTION — HIGHEST QUALITY

Covering the **storytelling needs** of every team in a company with the **visual quality of an agency**.

News

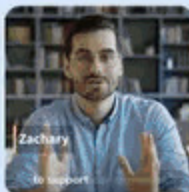

Tutorials

Case Studies

Events

Interviews

Ads

Social Clips

Podcasts

Reporting

OUR SOLUTION — ENTERPRISE-READY

Designed for **teamwork**
and **large organizations**.

The image is a collage of various interface elements from a video collaboration tool:

- Top Left:** A sidebar menu with four folders: "Social Media" (owner: Mikael Atkins), "Marketing" (owner: Mikael Atkins), "Internal Content" (owner: Carley Stein), and "Brand Assets".
- Top Right:** A "Format" dropdown menu showing four options: "Square", "Horizontal" (selected), "Vertical", and "Story".
- Center:** A video player showing a man speaking. The video has a subtitle that reads: "support companies that are going to be in digital, environmental or intelligent health." The video is paused.
- Bottom Left:** A chat window with three messages:
 - Shayla Trejo • few seconds ago: Sure! It'll be ready for this afternoon.
 - Mickael Atkins • 12 minutes ago (edited): We can remove 0:36 to 0:44 and 0:58 to 1:37. @Shayla can you edit that?
 - Carley Stein • 45 minutes ago: The interview is a bit long, can you manage to get under 1:30?
- Bottom Right:** A "Permissions" dropdown menu showing four roles: "Owner" (selected), "Admin", "Member", and "Viewer".

TESTIMONIAL

What our users have to say about PlayPlay.

“

We are more than satisfied with PlayPlay, our employees thought our videos were created by an agency!

Amanda S.

Employer Brand Manager

“

PlayPlay has been a game-changer for us. We used to have to spend a week on a video and now it only takes an hour or two.

Edward R.

Social Media Manager

“

What we love about PlayPlay is not only the ease of use but also the quality of the motion design.

David S.

Content Creator

“

I can't do my job without PlayPlay anymore. If I ask our studio to do a video, I would wait for 3 days and pay 10K!

Michelle M.

VP of Marketing
