every shipment matters

Happy companies don't  
have shipping problems.

# Humble Beginnings (2015)

- Started in the basement of home in Worcester, MA
- Carriers and Truckers were our first customers
- Designed products that are effective and intuitive

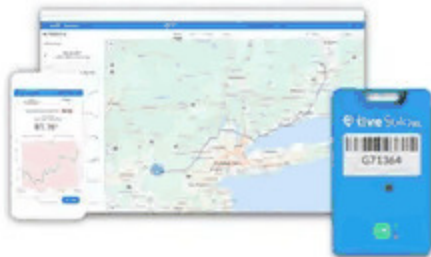

\$22T of goods are shipped globally every year.

\$4T of those goods are either high-value or sensitive to time, temperature, or shock.

\$100B+ of goods are lost or damaged.

# Track, monitor and take action on in-transit incidents before they escalate.

1.  
Alert triggered and  
carrier notified.

2.  
Load redirected to  
repair facility.

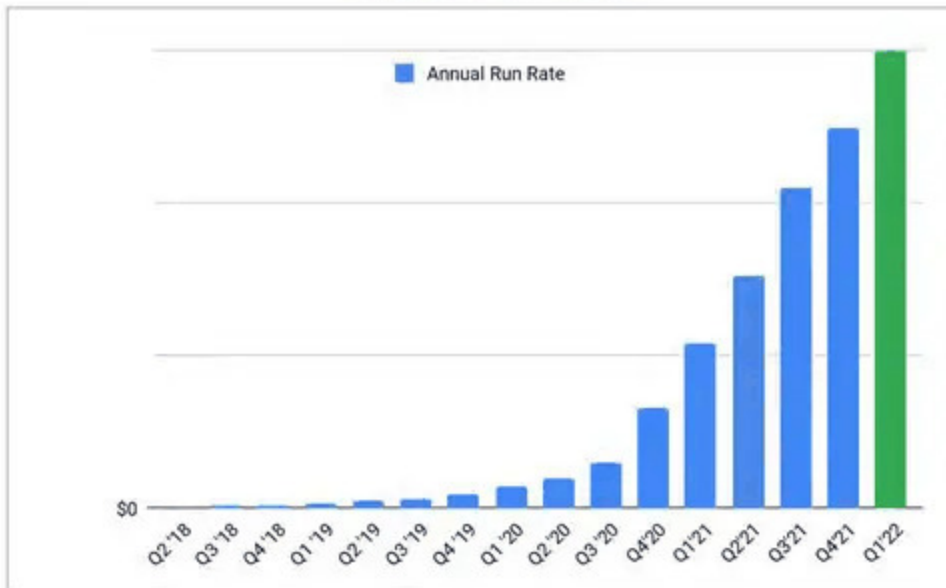

3.  
Goods inspected and  
delivered to customer.
